Contest rules are fully explained in Sunday's issue of the Plain Dealer. ad.

## COMMISSIONERS' MEETING

Commissioners at the regular meeting Monday decided to buy a new paper bailer. The waste paper from so many offices in the court house amounts to considerable and the purchase of a bailer was an economical move.

They also let the contract for changing the plumbing in the jail so as to disconnect the light, heat and water from the apartments of the administration, to Roy B. Oatman for \$24. This cost includes the heating tank, fixtures and all labor in making the change.

## LODI MAN INJURED

Prince Albert of Lodi Wednesday forenoon received injuries, which it was thought would prove fatal, when he fell under a wagon and was run over by two wheels. The accident occurred near the electric plant on Railroad street. He was taken to his home where it was found that several ribs were broken, his chest crushed, face cut and his forehead badly bruised and cut.

## SCHOOL NOTES

A pleasing feature of the year's work was the Corn Day program and exhibit at Crawford's Corners in Harrisville township Friday, Nov. 5.

The pupils with the aid of their teachers and parents worked hard the past month to make this exhibit a success. Fruits, vegetables and grains of all kinds were shown in the grammar room of the school.

The pupils taking "nature study" had each made collections of weeds, seeds and leaves which were neatly mounted on cardboard. Some of these collections numbered as high as 55 different kinds of leaves and 60 kinds of weeds.

The fancy work made by the 7th and 8th grade girls was a pleasing feature of the exhibit.

In the corn contest, 7th and 8th grade boys contested, by selecting 10 ears of the best seed corn they could find. These were all good and the judges had difficulty in selecting the prize collection. The first prize, however, was awarded to Donald Underwood, second to Ralph Barnard and third to Kenneth Myers.

The 3rd and 4th grades exhibited apples, 21 different kinds being shown. The first prize for the largest apple was given to Harry Simcox, who had one weighing 1 pound and 8 ounces. Walter Bowie was second with one weighing 1 pound and 6 ounces.

There was also a very appetizing exhibit of domestic science by Bessie Baum and Mary Houston.

An appropriate program was given consisting of recitations, essays, corn drill and music, the latter consisting of six girls and a fife and organ duo by Carl Butdorff and Levera Clinker.

The school rooms were tastefully decorated with strings of corn, autumn leaves, flowers and emblems.

The presence of parents, the pupils and the aid they gave to the exhibit was highly appreciated by the teachers and scholars. Miss Florence Kime and her pupils of District No. 4 attended the program, the total number of visitors being 50. All present realized the advantages of consolidated schools.

At the call of the county superintendent of schools the presidents of the various boards of education of the county met at the court house on Wednesday, Nov. 10, to elect a member of the County Board of Education to take the place of Mr. F. H. Gibbs of Brunswick, whose term expires in January.

After being called to order Mr. F. S. Turner of Litchfield was chosen chairman and C. E. Jenks clerk of the meeting.

The name of F. H. Weidner of Liverpool township was presented by Mr. Pritchard of Medina township. Mr. Weidner was elected unanimously and will enter upon his duties the third Saturday of January, 1916.

Mr. F. H. Weidner has been a member of the board of education at Liverpool for the past four years and its president for two years. His active interest in schools and his fine efforts to increase the efficiency of the schools of his own township have secured him deserved recognition and a place on the most important educational body in the county.

Mr. Weidner has been strongly instrumental in bringing about the centralization of the schools of his township and at present Liverpool has a school system of high efficiency. Their high school has been raised to first grade and able teachers employed. In all these movements Mr. Weidner has played a prominent part.

At its meeting on Nov. 10, the County Board of Education received and accepted the resignation of Mr. E. A. Firestone of Spencer. Mr. Firestone has been a member of the county board since its organization in July, 1914 and it was with regret that the board accepted his resignation. Owing to the long distance to Medina and unimproved roads, Mr. Firestone had been unable to attend meetings of the county board and stated in his letter of resignation that the work of this board is so important that, in justice to the other members, a man should hold this position who is able to get to the meetings regularly. Mr. Turner of Litchfield was appointed to fill out the two remaining years of Mr. Firestone's term of office. Mr. Turner is president of the Litchfield board of education and a member of wide experience. He is a man of broad education and a successful teacher. His presence on the board will be of great assistance.

## Y. M. C. A. NOTES

London, county seat of Madison county, will entertain the State Boys' conference on Nov. 26-28.

The county committee met Thursday evening, Nov. 4, at which time State County Work Secretary T. B. Lanham was present. During the latter's visit plans were made for several conferences of leaders and local board men from various parts of the county.

Fellowship Secretary Conarroe met with the Sharon association last week Thursday evening. That organization is planning on giving a home talent literary and dramatic entertainment soon.

In visiting Spencer recently County Secretary Stow found the boys and leaders ready to enter into the season's activities with renewed enthusiasm. Messrs. W. L. Arnholt and Will Moore, with the cooperation of the local board, are glad to assume special responsibility in connection with the leadership of the groups.

## NOTICE TO BUILDING CONTRACTORS

## THANKSGIVING LINENS

There is always a fascination about linens for the thrifty housewife, especially when, as in thin case, prices are so much beneath their real values. We placed our order soon after the war broke out in Europe, and today we can offer you Scotch, Irish or German linens at the old price, which is from 15 to 25 per cent less than real value—in fact the German linens we cannot replace at any price when our stock is sold.

Sale begins Nov. 13th, Saturday morning and continues until the following Saturday night, Nov. 20th—buy your linens now.

**BLEACHED DAMASK.**—From the hand looms of every flax producing land. There is a character in our linens—firmness and grace that nothing but flax can impart. See table linens at .25 to \$1.60.

**UNBLACHED DAMASK.**—A few washings and it's white—our customers know the kind that we keep, right from the Scotch, German and Irish spindles. We also carry a few numbers that are not all linen. SEE TABLE LINEN AT .39 to \$1.00.

**NAPKINS.**—We have fifty dozens of linen napkins, that we bought last January and the prices we have marked them is less than we can buy them at today. SEE TABLE NAPKINS AT \$1.25 to \$3.75 DOZ.

**CRASH TOWELING.**—We will offer for sale our entire line of crash toweling at old prices, which is from 10 to 20 per cent less than they will be after this one week sale is over—buy what toweling you need at this time. SEE TOWELING AT .05 to .25.

**TURKISH TOWELS.**—A special extra size 22 by 45 inches, very heavy weight and all with the new pink and blue stripe border—the best value we ever offered at 25c. SEE TURKISH TOWELS AT .21.

## 314 EGGS—1 HEN—1 YEAR

The champion egg-layer of the world is Lady Eglantine, who recently closed a record of 314 eggs in one year, at the Delaware College Experiment Station, at Newark, Del., in a contest conducted by the Philadelphia North American. Lady Eglantine's performance is more remarkable when it is shown that the average hen lays only seventy eggs a year. The pen of which Lady Eglantine was a member laid 1211 eggs in 365 days, or an average of 242 eggs. Both individual and pen records are broken in the recent contest, the previous individual hen record being 286 eggs and that for the pen 1190.
